\* these activities are exclusive to GOLD & BLUE Members

Due to renovation works (Beliris Fund), WIELS will reduce the scope of its programme for the summer. A focus will be given to the emerging art scene in Belgium, the various educational projects such as *May Babies* and the *SuperVliegSuperMouche* art festival for children in the parc of Forest/Vorst, and the new WIELS art book fair. WIELS will be closed to the public in August/September to ensure thorough refurbishing before reopening a fully revamped building with a stunning autumn programme!

All dates are subject to change. Other activities will be programmed according to the season's offer. We will keep you informed of all practical arrangements in due time.
